Explanatory notes: \_\_\_\_\_

Any Camper with "Severe Food Allergies" which requires an Epi Pen is "REQUIRED" to have their own parent provide their own child's snack daily if they require an "EPI PEN EITHER IN THE OFFICE OR THE FIELD." It is also highly recommended that parents of Campers with food allergies not requiring an Epi Pen also provide their own snack to ensure the safety of your Camper. All campers must be current on all immunizations, unless they provide a written statement from either a licensed physician indicating that the immunization is **medically contraindicated**, or from the parent/guardian indicating that they object to immunizations for **religious reasons**. Anyone claiming exception for religious reasons must provide a signed copy of the Maryland Health and Mental Hygiene Immunization Certificate.

My child is currently enrolled in a Maryland school, public or private, and has all required immunizations **Yes No**

ALL CAMPERS ATTENDING A MARYLAND SCHOOL (either Public or Private) MUST INCLUDE an Immunization record yearly from Pre-Playground thru 2<sup>nd</sup> Year Playground (or until the child is 5 years of age). FROM NIT THRU 2<sup>ND</sup> YEAR SENIOR or (from age 6 on), if your child has previously attended Sherwood Forest Camp, you ONLY NEED to provide an UPDATED IMMUNIZATION RECORD if your child has received additional immunizations in the past year. IF IT IS YOUR 1<sup>st</sup> YEAR AT SHERWOOD FOREST CAMP EVEN IF YOU ATTEND A MARYLAND SCHOOL, a copy of your child's immunization records must be attached so that the Camp has a baseline copy. All other Campers that DO NOT attend a Maryland School, either (OUT OF COUNTRY, HOME SCHOOLED, OR OUT OF STATE) MUST have a current immunization record attached and signed by a physician - or, a religious objection form that is up to date.

If you reside in a High Risk Country and/or were born in a country that is high risk for Tuberculosis and plan to attend Camp, it is now acceptable to have a PPD Skin Test performed in the United States OR in a U.S. Military facility abroad. Evidence in writing of the tuberculin test implanted and read within 48 hours, (test results in mm) is required for every camper prior to starting camp. If a PPD Test is positive, typically a Physician will recommend a Chest X- Ray and even if the X- Ray is negative, may recommend Drug Therapy as well.

\_\_\_\_ No, my child did not receive additional immunizations this year, they are up to date.

Medications will be brought to Camp by an adult. The physician will be called if a question arises about your child's medication. The first dose of any medication (except an Epi Pen) should have been given prior to starting camp without any problem. A Camper may receive only one dose per illness. A licensed health practitioner must approve the medication and dosage for more than one dose.

I have read the above conditions and accordingly request that Sherwood Forest Boys and Girls Camp health personnel administer the medication as prescribed by the below physician. I certify that I have legal authority to consent to medical treatment for the Camper named above, including the administration of medication at Camp.

March 1, 2017

Dear Parent or Guardian,

The Sherwood Forest Boys & Girls Camp is regulated by the State of Maryland. Maryland has new immunization requirements for children entering Maryland schools and our Camp. The new specific requirements are:

- All students entering kindergarten (age 5) must have had TWO varicella vaccinations.
- All students entering 7<sup>th</sup> grade (age 11) must have had one Tdap vaccination and one meningococcal vaccination.

These new requirements are in addition to the existing school & camp immunization requirements.

According to Maryland School Immunization Regulations (COMAR 10.06.04), to be allowed in school, students must be immunized according to the *Maryland Recommended Childhood Immunization Schedule*, attached.

You should work with your child's doctor to get his/her immunization record or the vaccinations that are missing. If you are unable to get an immunization appointment with your child's health care provider, call your local health department.

Sincerely,

Craig Whiteford  
Camp Director
